

## Who are we?

### SIDA-ENTREPRISES

SIDA-ENTREPRISES is a non profit-making association created in 2003 by French multinational companies operating in Africa and concerned about the HIV issue.

In France, its mission is to assist its members in their engagement policy in the fight against HIV, and then in Africa, to support their subsidiaries in the implementation of programs for employees and their families, providers and even the surrounding communities. These programs inform them, increase their awareness on HIV/AIDS and most importantly, enable them to access HIV testing and care under strict confidence.

The SIDA-ENTREPRISES' activities are always in compliance with national institutions and other stakeholders at country-level that are involved in fighting AIDS.

Nowadays, member enterprises are: Accor, AGF, Air Liquide, Ascoma, BGI (Castel group), BNP Paribas, Bolloré, CFAO (PPR group), Club Med, Calyon, Imperial Tobacco, Gras savoye, Optorg, sanofi-aventis, Société Générale, SOMDIAA and Total.

In agreement with Global Dialogues, Canal PREVENTION was created following the decision to share tools to a wide audience!
